

Dear CMS Families,

As you may have heard, all licensed childcare centres are cancelled. The Chief Medical officer of health has recommended that private programs, schools and camps also be closed.

This decision was made to support the containment of COVID-19 in the province. We find it necessary to follow this directive as it will ensure the health and well-being of our families. We strongly urge families to keep their children at home during these three weeks.

*For parents working in essential services, who can not take the time off or find alternate care for their child, CMS **may organize** child care for the two weeks after March Break. If this is possible, Parents will receive a childcare registration form on Thursday, March 18th to fill out if they need childcare from March 23rd to April 3rd. Please contact your school office to receive this form.*

All infant, toddler, and Casa students will get a two-week credit to use for summer camp.

During these uncertain times, we seek the support of all our families to keep us informed. If your families travel plans or exposure to COVID-19 changes from what was submitted on the travel inquiry form, please inform the office immediately.

As we receive new information or any changes in direction, we will share it with you through Owlwise and our staff will be doing their best respond to your emails and phones.

We thank you all for your overwhelming support and cooperation and your willingness to keep our school community safe.

Minoo Mohajer

Founder & Head of School
